Zurich/Switzerland, December 2013

Letter of recommendation

Fargate AG is a global acting Swiss company with 150 contracting partners («Satellites») in 50 countries world-wide. With the support of our Satellites on the spot in the target markets we arrange cross-border business on behalf of our Swiss clients.

I am writing this letter to give my highest possible recommendation for **Dr. Marcos E. J. Bertin**, Director of Bertin Quality Consulting in Buenos Aires, Argentina. He has been working as an official Fargate Satellite in Argentina since December 2000. Dr. Bertin is one of our top Satellites in terms of management experience, business excellence skills and personal network.

His partners Alejandro, Claudio and Marcos Bertin have a long and fruitful experience in leading change processes in companies in crisis, in mergers and acquisitions, commercial developments, quality management, certifications and audits, all in a wide range of industries and services.

Beyond his outstanding professional achievements, we know and appreciate Dr. Bertin as an absolutely reliable, loyal and pleasant person.

Please contact me if I can answer any further questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Daniel Isler".
