Executive Search

Hiring leadership profiles can sometimes seem complicated and tedious. You are looking for a person who is not only an expert in their field and has the necessary experience, but who can also demonstrate qualities such as communication skills, empathy, visionary skills, decisiveness and team orientation. These often only come to light in challenging situations and are therefore difficult to identify in advance. We know the challenges and can support you with our expertise and decades of experience.

Recruiting

We use our experience and state-of-the-art methods to support you in your candidate search - from databases and interviews to social media (e.g. LinkedIn). We will fill your vacancies quickly, purposefully and reliably. Our goal: a trusting partnership for your long-term success.

Your requirements and wishes form the basis for the successful implementation of customized recruiting solutions - our goal is to exceed your expectations.

Within ISG, there are 12 sectors managed by professionals from a wide range of industries. In addition to our well-known career portal, we place online and print advertisements and use various social media channels to search for the right person for your vacant position, enabling us to quickly deliver up-to-the-minute results.

Temporary work

We place your employees on our payroll for your flexible headcount. ISG takes over the employer function, handles all administrative tasks and guarantees correct and punctual payroll accounting.

By arrangement, you can transfer our temporary or payrolling employees to your permanent workforce at any time.
