

Kemppi Oy is the pioneering company within welding industry. This family owned company has since 1940's developed innovative welding technologies and solutions used around the world.

www.kemppi.com

We helped Kemppi Oy transform the way the approach the markets and to structure their sales channels in many occasions and locations around the world.

“As a result of cooperation with Nordic Industries we managed to recognize new potential projects and meet decision makers by using the different approach we had used traditionally.”

Aarno Laine

Global Key Account Manager,
Kemppi Oy
