Letter of recommendation to any company that requires English language services for marketing or other purposes

At the request of our former employee we certify the following:

Mr **Colm O'Suilleabhain** was a valued employee of Mageba from March 2006 until the end of April 2011, during which time he contributed greatly to the growth and success of the company – initially in sales and project management, and later as business development manager. It became clear at an early stage that Colm could fulfil a very valuable additional function as the company's English language specialist, thanks to his excellent command of the English language, his ability to write text in a structured and cohesive manner, and his thoroughness and attention to detail.

As a leading worldwide producer of bridge components, English is the most important language in our dealings with our customers, and in recent years has also become increasingly important as an internal language as the company has established offices and manufacturing facilities in China, India, Turkey, South Korea and the United States.

During the five years of his time as an employee with mageba, Colm undertook such duties as: translation of documents from German into English; proofreading of English text; writing of documents such as technical articles for industry magazines and papers for international conferences; and creation and improvement of brochures, handbooks, agreements, presentations, newsletters and other forms of communication.

We have found him to be reliable and trustworthy at all times, and have been consistently impressed by his professionalism in all he did for us. He proved himself to be an excellent team player but also to be able to work independently as appropriate. Colm's dealings with customers were always much valued.

Colm wishes to establish his own company and experience the spirit of entrepreneurship. We are happy to be able to count on Colm to continue providing his language and marketing services to mageba in the future via his new company *ACE Marketing Services*, and look forward to many more years of productive, pleasant and professional cooperation.
