Dear Rohan,

Sub: Testimonial

I have introduced you to couple of my clients in the past and the feedback I have from my clients speaks a lot about your commitment and professionalism.

I am very glad that I recommended Nathan & Nathan for HR Outsourcing services to my clients as you have not only taken the HR load from the company, you have also given them excellent service at a very nominal cost.

You and your team have understood the needs of the clients and provided the required outsourced services in a timely and professional manner which is very highly appreciated by my clients.

I appreciate your ability to understand the specific needs of the customers and your deep sense of customer service in providing high quality service.

I am glad I have recommended you to my clients and shall continue to refer you to all my clients, associates and friends for their HR Outsourcing Requirements.

Keep up the good work.

With warm Regards,

T.P.Anand
